## Negotiations News Update July 2022

Last week we met in Cleveland in an extended session with the Company to continue our Section 6 negotiations.

As scheduled, during this session, we introduced Section 26 – Moving Expenses and the company brought Section 3 – General to the negotiating table. Both Section 3 and 26 are large sections. The early part of the week was dedicated to presenting our respective proposals.

Additionally, we engaged in discussions on Section 11 – Training & General Meetings, Section 15 – Leaves of Absence and Section 28 – Commuter Program.

Importantly, we finalized the scheduling of the outstanding sections to be brought to the negotiating table.
