

## United MEC President Letter - Survey III

Dear Flying Partners:

Today, the University of New Hampshire Survey Center opened another survey to update the comprehensive AFA Negotiations Membership Survey I and Membership Survey II to help inform our ongoing negotiations.

This survey is a census, that means we are inviting all Members to participate, and your participation is vitally important to ensure a statistically valid result.

Important information on how to participate in the survey was mailed to your address of record. The mailing includes the credentials you will utilize to take the survey. If you do not receive your mailing by the end of the week, please contact our Negotiations Survey Help Line at (800) 624-3907, ext. 550. The Help Line will be open Monday through Friday from 0800 – 1800 Central Time.

Please do not share your credentials with anyone so as to protect the integrity of the polling. During the course of our 2023 Flight Attendant Negotiations Survey III, you may receive emails and telephone calls from the University of New Hampshire to remind you that your participation is vitally important and to complete the survey. Your participation, responses and the survey results will be confidential. The survey is expected to take approximately 15 minutes to complete.

The professionals at the University of New Hampshire Survey Center will continue to work with us throughout this process of gathering your feedback. While this survey is focused on scheduling issues at the negotiating table, the survey is designed to collect comprehensive free form feedback.

Please visit our negotiations website [contract2021.org](https://contract2021.org) for more information and to participate in the survey. Tell us about your aspirations and priorities for our ongoing negotiations. This is another opportunity to get involved and let us know what's important.

In Solidarity,

Ken Diaz, President  
United Master Executive Council
